

Employers One Source Group

A Professional Employer Organization

Profile

Employers One Source Group, Inc. has steadily grown over the past few years into one of the best Professional Employer Organizations (PEO) in Texas by maintaining a high degree of excellence in service and integrity

Our growth in the PEO industry has occurred for a number of reasons;

1. EOSG focuses on today's employee related activities
2. EOSG provides ongoing assistance with human resource problems
3. EOSG stabilizes company overhead with trust and actuality

As the proudest PEO in Texas, everyone at EOSG works hand and hand with its clients to provide a customized program to effectively and efficiently minimize cost to each client.

Market / Testimonials

Employers One Source takes great pride in our client companies. It is for this reason that we are very understanding and welcome the small company. Besides what may seem like a small company to some is a life long dream to others.

Our market includes the small company and we do everything we can to help them to grow their business. Some of our most loyal clients started with us when they were first getting started with their businesses.

Testimonials from our clients are what we cherish most. Below are just a few of the things are clients have had to say.

- RustBusters Industrial Painting, Inc. - Holly Kirkwood

"The service that they have provided has been nothing but professional and hard working. EOSG works hand and hand with RustBusters to provide a customized program to effectively and efficiently minimize cost."

- Boys' Haven - Donna Turchi - Executive Director

"Being a non-profit agency, funding is always an issue... You and your staff have always provided us with exceptional service. Relieving the work load is only a small part of what Employers One Source has done to help us improve both our operations and programs."

Clients / Employees

Established in 1998, Employers One Source has many client companies and thousands of employees from all across the state in many different industries.
